

Point No- 1 Particulars of its organization, functions and duties

1.1 Objective/purpose of the Public Authority.

The Irrigation Department, Government of Assam has got the following objectives:

- i) Utilization of created irrigation potential to raise the socio-economic condition of farmers, by adopting multiple cropping through Participatory Irrigation Management(PIM).
At present the net Irrigation Potential Created (IPC) up to 2021-2022 is 8.10 Lakh Hect. But for some nonfunctional schemes (general wear and tear) IPC has loss and IPC is available 4.23 Lakh Hect. as on 2021-22. The Irrigation Potential Utilized during 2021-22 crops Season is 2.67 Lakh Hect.
- ii) Employment to educated unemployed youths and landless farmers.
- iii) The Ultimate Irrigation Potential (UIP) of 27 Lakh Hect. (where irrigation water is necessary) will be covered through creating of addl. potential through Major & Medium and Minor Irrigation Schemes of Irrigation Department and through other Govt. Agencies (e.g. Agriculture, Panchayat, Soil Conservation etc. concerned with irrigation) and through all private irrigation only.
- iv) Imparting exposure training to the WUA (Water Users' Association) farmers for adopting Scientific Agriculture and for proper utilization of created irrigation potential.

1.2 Mission/Vision statement of the Public Authority

The aims and objectives of the Irrigation Department are mainly:-

- 1) Increase in agricultural production of the State by providing irrigation water to high yielding varieties of crops with the help of Agriculture department.
- 2) Assured irrigation water during all seasons to the cultivators and protection against famine and also creation of irrigation potential through irrigation schemes.
- 3) Self sufficiency in food and appreciation of land value.
- 4) Increase Irrigation Intensity practising multiple cropping, thereby uplifting socio-economic condition of the people of the State.
- 5) To provide scope for generation of hydroelectric power from canal Drop/Fall.

1.3 Brief history of the public authority and context of its formation

The State Government created the then Flood Control and Irrigation Department under the Flood control and Irrigation Ministry and all the works pertaining to Water Resources were executed by the F.C & I Department. The importance of irrigation was felt by the Government of Assam during seventies and a separate Irrigation Department was created in the year 1974 by bifurcating it from the erstwhile F. C. & I Department to develop the irrigation potential of the State.

Out of total geographical area of 78.438 lakh hectares, total crop area is about 40.045 lakh hect. as per Statistical Hand Book, 2020, Assam. The ultimate irrigation potential is assessed as 27.00 lakh hect. The potential created by the department till now is 10.42 lakh hect., as on March, 2021 and out of this 2.85 lakh hect. created by Major/Medium Irrigation Scheme and 7.57 Lakh Hect. by Minor Irrigation Scheme. The overall irrigation development in the State is 38.59% of the Ultimate Irrigation Potential of State.

The poor development in Assam is mainly due to late start of these activities and inadequate Plan Allocation provided in subsequent Plans under Irrigation Sector.

Point No- 1 Particulars of its organization, functions and duties

1.4 Duties of the Public Authority:

1. Creation of additional potential to cover the Ultimate Potential of 27 Lakh Hectares
2. Utilization of created potential through PIM.
3. Realization of Irrigation Service Charges / Betterment Levy.
4. Implementation of the Assam Irrigation Act, 1983, the Assam Irrigation Water Users' Act 2004 and the Assam Ground Water (Control & Regulation) Act, 2012.

1.5 Main Activity of the Public Authority:

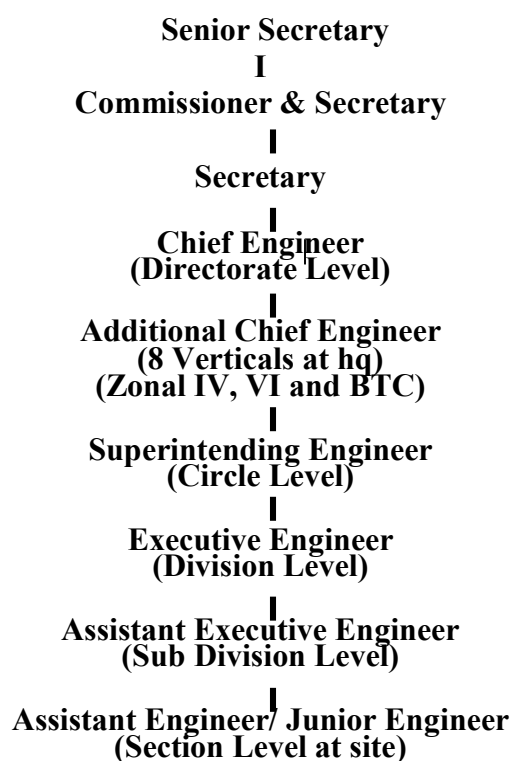

- 1) Identification of farmers' field along with Agricultural Extension Wing for practising different crops and raising multiple crops.
- 2) Supplying water to farmer's field as per Crop Schedule.
- 3) Measurement of Cropped Area for each crop season and prepare beneficiaries list.
- 4) Command Area Development & Water Management (CADWM) Programme in Major & Medium Projects as well as Minor Irrigation Schemes under new concept ISBIG (Incentivization of Schemes for Bridging Irrigation Gap)
- 5) Formation of Water Users' Association (WUA).
- 6) Providing and imparting training to WUA farmers
- 7) Speedy implementation of 'The Assam Irrigation Act, 1983' and 'The Assam Irrigation Water User's Act, 2004' and 'The Assam Ground Water (Control & Regulation) Act, 2012'.

1.6 List of services being provided by the Public Authority with a brief write up upon them.

1. Water supplying to crops in different crop seasons
 - Irrigation water is being supplied to farmers during Kharif and Rabi and Pre-kharif season. During Kharif supplementary irrigation water is provided. Rabi crops being raised during winter, rainfall is scanty, and as such adequate water is supplied to the crop fields.
2. Training and demonstration to farmers.
 - Such Programmes are generally taken up under various institutional funding like Assam Rural Infrastructure & Agricultural Services Project (ARIASP) funded by World Bank. Training Programmes to WUA members for Operation and Maintenance for Irrigation schemes is taken up from time to time. Besides these out-of-State exposure visits for Irrigation officials, concerned NGOs and WUA farmers have been organized in different States of the country. NERIWALM and WALMI has also arranged some training to WUA and also to officers of Irrigation Department from time to time.

Point No- 1 Particulars of its organization, functions and duties

1.7 Organizational Structure Diagram at various levels namely State, Directorate, Region, District, Block etc (whichever is applicable).

Note :

1. Deputy Secretary (at the Secretariat), Director, Chief Research Officer & Deputy Chief Engineer (Chief Engineer's Office) & Deputy Chief Administrator(at the CMD Offices) are equivalent posts of Superintending Engineer
2. Under Secretary (at the Secretariat), Deputy Director, Research Officer & Assistant Chief Engineer (Chief Engineer's Office) & Assistant Chief Administrator(at the CMD Offices) are equivalent posts of Executive Engineer

1.8 Expectation of the Public Authority from the Public for enhancing its effectiveness and efficiency.

The Irrigation Department has introduced Participatory Irrigation Management (PIM) in the State. But, intensive Rabi cultivation has not yet been practised in the State. Small fragmented land holdings coupled with economic backwardness of farmers, poor infrastructure, pre-dominance of absentee landlords, lack of impetus and low fund on maintenance are the factors for slow growth of PIM in the State. However 1656Nos. of WUA has been formed effective implementation of PIM in the State. The Govt. of Assam has introduced "The Assam Irrigation Water User's Act, 2004" for enhancing its effectiveness and efficiency.

Further, the assets created in the State get gradually deteriorated due to improper maintenance. In some cases deterioration has gone to such an extent that huge investment is required to bring back the system to good shape for its normal functioning.

In order to recover some cost from the stake holders and sharing responsibility, the Govt. of Assam has introduced "The Assam Irrigation Act, 1983". The Irrigation Department has taken action for realization of Irrigation Service Charges from the year 1994-95. The rates of Irrigation Service Charges has been revised in the year 2000 as per Fiscal Reforms measures introduced in the State. For effective implementation of PIM and also proper realization of Irrigation service change the existing irrigation act should be modified which is awaited.

Point No- 1 Particulars of its organization, functions and duties

1.9 Arrangements and methods made for seeking Public Participation/Contribution.

Introduction of the Assam Irrigation Water User's Act, 2004 to all the Irrigation Schemes will ensure participation of the farmers.

1.10 Mechanism available for monitoring the service delivery and public grievance resolution.

There is a separate wing for Monitoring the service delivery and public grievance resolution at State level. There is Monitoring cell headed by a Superintending Engineer who reports directly to Chief Engineer. A separate wing for Inspection and Quality Control in the State level is also there to ensure quality of service. Further, the Right to Information Act, 2005 is taken into account for resolution of public grievances, if any.

a. Addresses of the main office and other offices at different levels.

1) Commissioner & Secretary, Irrigation Department, Assam Sachivalaya, Guwahati – 6

2) Secretary – Secretary, Irrigation Department, Assam Sachivalaya, Guwahati – 6

3) Directorate Level offices

- a. Chief Engineer, Irrigation, Assam, Chandmari, Guwahati – 3
- b. Chief Engineer, Minor Irrigation, Assam, Chandmari, Guwahati – 3
- c. Additional Chief Engineer, Inspection & Quality Control, Assam, Chandmari, Guwahati – 3
- d. Addl. Chief Engineer (Mechanical), Irrigation, Assam: Chandmari, Guwahati – 3
- e. Addl. Chief Engineer (Electrical), Irrigation, Assam: Chandmari, Guwahati – 3
- f. Additional Chief Engineer, Implementation, (Major & Medium) Irrigation, Assam, Guwahati-3
- g. Additional Chief Engineer, Implementation, (Minor & Micro) Irrigation, Assam, Guwahati-3
- h. Additional Chief Engineer, Operation & Maintenance (Major & Medium) Irrigation, Assam, Guwahati-3
- i. Additional Chief Engineer, Operation & Maintenance, (Minor & Micro), Irrigation, Assam, Guwahati-3
- j. Additional Chief Engineer, Planning & Research, Irrigation, Assam, Guwahati-3
- k. Additional Chief Engineer, Information Technology & Data Management, Irrigation, Assam, Guwahati-3

(These offices are located in the office premises of the Chief Engineer, Irrigation, Assam Chandmari, Guwahati – 3)

4) Zonal Level Office:

- a) Additional Chief Engineer cum CHD, KAAC, Irrigation, Assam, H/Q Diphu
- b) Additional Chief Engineer cum CHD, BTC, Irrigation, Assam, H/Q Kokrajhar
- c) Additional Chief Engineer cum CHD, NCHAC, Irrigation, Assam, H/Q Haflong

5) Circle Level Offices:

1. Dhubri Circle(Irrigation),Gauripur
2. Barpeta Circle (Irrigation), Barpeta Road
3. Nalbari Circle (Irrigation), Nalbari
4. Kamrup Circle(Irrigation), Rangia
5. Mangaldoi Circle (Irrigation), Mangaldoi
6. Tezpur Circle (Irrigation), Tezpur

Point No- 1 Particulars of its organization, functions and duties

7. Lakhimpur Circle (Irrigation), North Lakhimpur
8. Goalpara Circle (Irrigation), Goalpara
9. Nagaon Circle (Irrigation), Nagaon
10. Hojai Circle(Irrigation), Hojai
11. Cachar Karimganj Circle (Irrigation), Karimganj
12. Jorhat Circle (Irrigation), Jorhat
13. Sivasagar Circle (Irrigation), Sivasagar
14. Dibrugarh Circle (Irrigation), Dibrugarh
15. Tinsukia Circle(Irrigation), Tinsukia
16. Kokrajhar Circle (Irrigation), Kokrajhar
17. Diphu Circle (Irrigation), Diphu

Point No- 1 Particulars of its organization, functions and duties

**IRRIGATION DEPARTMENT::ASSAM
DETAILS OF CIRCLES, DIVISIONS AND SUBDIVISIONS**

I. TINSUKIA CIRCLE, TINSUKIA

1. TINSUKIA-DIGBOI-MARGHERITA DIVISION,
TINSUKIA
 - (i) Tinsukia Subdivision, Tinsukia
 - (ii) Digboi Subdivision, Digboi
 - (iii) Margherita Subdivision, Margherita
2. SADIYA-DOOMDOOMA DIVISION,
SADIYA
 - (i) Sadiya Subdivision, Sadiya
 - (ii) Doomdooma Subdivision, Doomdooma

II. DIBRUGARH CIRCLE, DIBRUGARH

1. DIBRUGARH-LAHOWAL-CHABUA DIVISION,
DIBRUGARH
 - (i) Dibrugarh Subdivision, Dibrugarh
 - (ii) Lahowal Subdivision, Lahowal
 - (iii) Chabua Subdivision, Chabua
2. MORAN-TINGKHONG DIVISION,
MORAN
 - (i) Moran Subdivision, Moran
 - (ii) Tingkhong Subdivision, Tingkhong
3. NAHARKATIYA-DULIAJAN DIVISION,
NAHARKATIYA
 - (i) Naharkatiya Subdivision, Naharkatiya
 - (ii) Duliajan Subdivision, Duliajan

III. SIVASAGAR CIRCLE, SIVASAGAR

1. SIVASAGAR-THOWRA DIVISION,
SIVASAGAR
 - (i) Sivasagar Subdivision, Sivasagar
 - (ii) Thowra Subdivision, Demow
2. NAZIRA-AMGURI DIVISION,
NAZIRA
 - (i) Nazira Subdivision, Nazira
 - (ii) Amguri Subdivision, Amguri
3. SONARI-MAHMORA DIVISION,
SONARI
 - (i) Sonari Subdivision, Nimonagarh
 - (ii) Mahmora Subdivision, Disangpani

IV. JORHAT CIRCLE, JORHAT

1. BOKAKHAT-KHUMTAI DIVISION,
BOKAKHAT
 - (i) Bokakhat Subdivision, Bokakhat
 - (ii) Khumtai Subdivision, Dhekial
2. GOLAGHAT-SORAPATHAR DIVISION,
GOLAGHAT
 - (i) Golaghat Subdivision, Golaghat
 - (ii) Sarupathar Subdivision, Sarupathar
3. JORHAT-DERGAON-TEOK DIVISION,
JORHAT
 - (i) Jorhat Subdivision, Jorhat
 - (ii) Dergaon Subdivision, Dergaon
 - (iii) Teok Subdivision, Teok

Point No- 1 Particulars of its organization, functions and duties

4. TITABOR-MARIANI DIVISION,
TITABOR
- (i) Titabor Subdivision, Titabor
 - (ii) Mariani Subdivision, Mariani

5. MAJULI DIVISION, MAJULI
- (i) Majuli Subdivision, Kamalabari

V. NAGAON CIRCLE, NAGAON

1. MORIGAON-LAHORIGHAT-JAGIROAD DIVISION,
JAGIROAD
- (i) Morigaon Subdivision, Morigaon
 - (ii) Lahorighat Subdivision, Lahorighat
 - (iii) Jagiroad Subdivision, Boha

2. RAHA-BATADRAVA DIVISION,
BATADRAVA
- (i) Raha Subdivision, Raha
 - (ii) Batadrava Subdivision, Kachomari

3. NAGAON-BARHAMPUR DIVISION,
NAGAON
- (i) Nagaon Subdivision, Nagaon
 - (ii) Barhampur Subdivision, Barhampur

4. DHING-RUPAHIHAT DIVISION,
RUPAHI
- (i) Dhing Subdivision, Dhing
 - (ii) Rupahi Subdivision, Rupahi Town

5. KALIABOR-SAMAGURI DIVISION,
JAKHALABANDHA
- (i) Kaliabor Subdivision, Jakhalabandha
 - (ii) Samaguri Subdivision, Samaguri

VI. HOJAI CIRCLE, HOJAI

1. JAMUNAMUKH-HOJAI-LUMDING DIVISION,
HOJAI
- (i) Jamunamukh Subdivision, Jamunamukh
 - (ii) Hojai Subdivision, Hojai
 - (iii) Lumding Subdivision, Lumding

VII. CACHAR-KARIMGANJ CIRCLE, SILCHAR

1. RATABARI-PATHARKANDI DIVISION,
KARIMGANJ
- (i) Ratabari Subdivision, Ramkrishna Nagar
 - (ii) Patharkandi Subdivision, Patharkandi

2. KARIMGANJ NORTH- KARIMGANJ SOUTH - BADARPUR DIVISION,
BATARASHI, KARIMGANJ
- (i) Karimganj North Subdivision, Karimganj
 - (ii) Karimganj South Subdivision, Nilambazar
 - (iii) Badarpur Subdivision, Badarpur

3. HAILAKANDI-KATLICHERRA-ALGAPUR DIVISION,
HAILAKANDI
- (i) Hailakandi Subdivision, Hailakandi
 - (ii) Katlicherra Subdivision, Sahabad
 - (iii) Algapur Subdivision, Algapur

4. BORKHOLA-KATIGORAH DIVISION,
BORKHOLA
- (i) Borkhola Subdivision, Barjatyapur
 - (ii) Katigorah Subdivision, Katigorah

Point No- 1 Particulars of its organization, functions and duties

5. SILCHAR – UDHARBOND DIVISION,
SILCHAR (i) Silchar Subdivision, Silchar
(ii) Udharbond Subdivision, Udharbond
6. DHOLAI-SONAI DIVISION,
DHOLAI (i) Dholai Subdivision, Narsingpur
(ii) Sonai Subdivision, Sonai
7. LAKHIPUR DIVISION, LAKHIPUR (i) Lakhimpur Subdivision, Phulertol

VIII. LAKHIMPUR CIRCLE, LAKHIMPUR

1. LAKHIMPUR-NAOBOICHA-BIHPURIA DIVISION,
NORTH LAKHIMPUR (i) Lakhimpur Subdivision, NorthLakhimpur
(ii) Naoboicha Subdivision, Laluk
(iii) Bihpuria Subdivision, Bihpuria
2. DHAKUAKHANA DIVISION, DHAKUAKHANA (i) Dhakuakhana Subdivision, Dhakuakhana
3. DHEMAJI-JONAI DIVISION, DHEMAJI (i) Dhemaji Subdivision, Dhemaji
(ii) Jonai Subdivision, Silapathar

IX. TEZPUR CIRCLE, TEZPUR

1. DHEKIAJULI-BORCHALA DIVISION,
DHEKIAJULI (i) Dhekiajuli Subdivision, Dhekiajuli
(ii) Borchala Subdivision, Bhotpara
2. TEZPUR-RANGAPARA DIVISION,
TEZPUR (i) Tezpur Subdivision, Tezpur
(ii) Rangapara Subdivision, Rangapara
(iii) Sootea Subdivision, Sootea
3. BISWANATH-BEHALI DIVISION,
BISWANATH (i) Biswanath Subdivision, Biswanath
(ii) Behali Subdivision, Behali
4. GOHPUR DIVISION,
GOHPUR (i) Gohpur Subdivision, Gohpur

X. MANGALDOI CIRCLE, MANGALDOI

1. MANGALDOI-DALGAON-SIPAJHAR DIVISION,
MANGALDOI (i) Mangaldai Subdivision, Mangaldoi
(ii) Dalgaon Subdivision, Dalgaon
(iii) Sipajhar subdivision, Sipajhar

XI. KAMRUP CIRCLE, RANGIA

1. RANGIA- KAMALPUR DIVISION,
RANGIA (i) Rangia Subdivision, Rangia
(ii) Kamalpur Subdivision, Kamalpur
2. HAJO-JALUKBARI DIVISION,
JALUKBARI (i) Hajo Subdivision, Hajo
(ii) Jalukbari Subdivision, Jalukbari

Point No- 1 Particulars of its organization, functions and duties

3. GUWAHATI WEST-PALASHBARI DIVISION,
PALASHBARI
(i) Guwahati West Subdivision, Guwahati
(ii) Palashbari Subdivision, Mirza
4. BOKO-CHAYGAON DIVISION,
BOKO
(i) Boko Subdivision, Boko
(ii) Chaygaon Subdivision, Chaygaon
5. DISPUR DIVISION,
SONAPUR
(i) Dispur Subdivision, Sonapur

XII. NALBARI CIRCLE, NALBARI

1. TIHU DIVISION, TIHU
(i) Patacharkuchi Subdivision, Patacharkuchi
2. BHAWANIPUR DIVISION, SARUPETA
(i) Bhawanipur Subdivision, Bhawanipur
3. DHARMAPUR-BARKHETRI-NALBARI DIVISION,
NALBARI
(i) Dharmapur Subdivision, Belsor
(ii) Barkhetri Subdivision, Mukalmua
(iii) Nalbari Subdivision, Nalbari

XIII. BARPETA CIRCLE, BARPETA ROAD

1. BARPETA-BAGHBAR DIVISION,
BARPETA
(i) Barpeta Subdivision, Barpeta
(ii) Baghbar Subdivision, Baghbor
2. SORBHOG-JANIA DIVISION, SORBHOG
(i) Sorbhog Subdivision, Barpeta Road
(ii) Jania Subdivision, Kalgachia
3. SARUKHETRI-CHENGA DIVISION,
SARTHEBARI
(i) Sarukhetri Subdivision, Sarthebari
(ii) Chenga Subdivision, Chenga

XIV. DHUBRI CIRCLE, BONGAIGAON

1. BONGAIGAON-ABHAYAPURI NORTH DIVISION,
BONGAIGAON
(i) Bongaigaon Subdivision, Bongaigaon
(ii) Abhayapuri North Subdivision, Manikpur
2. ABHAYAPURI SOUTH-BILASIPARA EAST DIVISION,
ABHAYAPURI
(i) Abhyapuri South Subdivision, Abhyapuri
(ii) Bilasipara East Subdivision, Bilashipara
3. DHUBRI-GOLOKGANJ DIVISION,
DHUBRI
(i) Dhubri Subdivision, Dhubri
(ii) Golakganj Subdivision, Agomoni
4. GAURIPUR-BILASIPARA WEST DIVISION,
GAURIPUR
(i) Gauripur Subdivision, Gauripur
(ii) Bilasipara West Subdivision, Nayahat

Point No- 1 Particulars of its organization, functions and duties

XV. GOALPARA CIRCLE, GOALPARA

1. MANCACHAR-SOUTH SALMARA DIVISION,
HATSINGIMARI (i) Mancachar Subdivision, Hatsingimari
(ii) South Salmara Subdivision, Aairkata
2. GOALPARA WEST-JALESWAR DIVISION,
GOALPARA (i) Goalpara West Subdivision, Lakhipur
(ii) Jaleswar Subdivision, Jaleswar
3. DUDHNOI-GOALPARA EAST DIVISION,
DUDHNOI (i) Dudhnoi Subdivision, Dhudhnoi
(ii) Goalpara East Subdivision, Goalpara

XVI. KOKRAJHAR CIRCLE, KOKRAJHAR

1. GOSSAIGAON-KOKRAJHAR WEST DIVISION,
GOSSAIGAON (i) Gossaigaon Subdivision, Gossaigaon
(ii) Kokrajhar West Subdivision, Ramfalbil
2. KOKRAJHAR EAST DIVISION,
KOKRAJHAR (i) Kokrajhar East Subdivision, Kokrajhar
3. BIJNI DIVISION, BIJNI (i) Bijni Subdivision, Bijni
4. SIDLI DIVISION, DHALIGAON (i) Sidli Subdivision, Sundari
5. TAMULPUR DIVISION, TAMULPUR (i) Tamulpur Sub Division, Tamulpur
6. SUKLAI-SERFANG-GOESWAR DIVISION,
GOESWAR (i) Suklai-Serfang Subdivision, Naokata
(ii) Goreswar Subdivision, Goreswar
7. BARAMA-CHAPAGURI DIVISION,
MUSALPUR (i) Barama Subdivision, Barama
(ii) Chapaguri Subdivision, Musalpur
8. PANERI-KALAIGAON DIVISION,
TANGLA (i) Paneri Subdivision, Bhergaon
(ii) Kalaigaon Subdivision, Tangla
9. UDALGURI-MAZBAT DIVISION,
UDALGURI (i) Udalguri Subdivision, Bhairabkunda
(ii) Mazbat Subdivision, Rowta
10. DHANSIRI PROJECT DIVISION (IRRIGATION)
BHAIRANKUNDA (i) Dhansiri Project Division (Irrigation)
Bhairankunda
11. CHAMPAMATI PROJECT DIVISION (IRRIGATION)
GARUBHASA (i) Champamati Project Division (Irrigation)
Garubhasa

Point No- 1 Particulars of its organization, functions and duties

XVII. DIPHU CIRCLE, DIPHU

1. EAST KARBI ANGLONG DIVISION,
HANJANGLANGSO
 - (i) Hanjanglangso Subdivision, Hanjanglangso
 - (ii) Vomulangso Subdivision, Vomulangso
 - (iii) Deithor Subdivision, Deithor

2. DIPHU DIVISION, DIPHU
 - (i) Longsokangthu Subdivision, Longnit
 - (ii) Volongkom-Aji Subdivision, Volongkom-Aji
 - (iii) Den-Arong Subdivision, Den-Arong

3. BAITHALANGSO DIVISION,
HAMREN
 - (i) Ronghang Subdivision, Dongkamokam
 - (ii) Amreng Subdivision, Kheroni
 - (iii) Amri Subdivision, Tin-Alum

Under Additional Chief Engineer, Zone-VI, Irrigation, Assam, H/Q Haflong

1. WEST DIMA HASAO DIVISION,
HAFLONG
 - (i) Harangajao Subdivision, Harangajao
 - (ii) Diyungbra Subdivision, Diyungbra

2. EAST DIMA HASAO DIVISION, MAIBONG
 - (i) Haflong Subdivision, Haflong
 - (ii) Maibong Subdivision, Maibong
 - (iii) Langting Subdivision, Langting

Point No – 2 Powers and Duties of its Officers and Employees

Designation	Secretary, Irrigation Department	
Power	Administration	The Secretary to the Government is the Administrative head of the Irrigation Department. The Secretary is responsible for formulation of policy of the Government within its sphere of responsibility and for review and assessment of execution of the policy. All matters relating to appointment, promotion, leave, punishment, confidential matters, discipline & appeal matters of the officers & staffs are to be settled by the Secretary as the Head of an Administrative Department.
	Financial	The Secretary is to distribute the sanctioned funds where necessary among the Controlling and Disbursing officers of the Department. The Administrative Approval for original work and other financial sanction are accorded by the Secretary as per provision laid down in the DFP Rules 1999.
	Others	The Secretary, Irrigation reviews/ monitors irrigation activities in the State and suggests measures for its improvement.
Duties	The Secretary should consult other Departments, where such consultation is required under the Rules. If such a matter is placed before the Minister, the views of the Department consulted shall be brought to the notice of the Minister. In a case where The Secretary has taken the orders for the Minister before consulting the other Departments, the advice of the other Departments shall be brought to the notice of the Minister before finalization of the orders, if the advice is not in conformity with the order of the Minister.	

Point No – 2 Powers and Duties of its Officers and Employees

Designation	Chief Engineer, Irrigation Department	
Power	Administration	The Chief Engineer is the professional head of the Department and is responsible for its general administration and efficiency. The Chief Engineer is the responsible professional advisor to the Government on all round development under Irrigation Sector. The Chief Engineer has to submit to the Government proposal and recommendation for the appointment, promotion, leave and punishment of all officers & subordinate establishment. The Chief Engineer is to look after the establishment matters, confidential matters, discipline and appeal matters and all the allied subjects of the officers and subordinate establishments. The Chief Engineer prepares the Annual Plan and Work Programme for the Irrigation Sector in the State and also responsible for implementation of related Government Policy in the State.
	Financial	The Chief Engineer is to prepare annually the Budget Estimate and it is his duty to release budget amongst the Controlling and Disbursing Officers of the Department. The Chief Engineer is also responsible for recommending fund against the work for release of F.O.C. and maintaining Financial discipline in the Department. The Chief Engineer has the full power to give Technical Sanction to original works, acceptance of tender as per provision laid in the DFP Rule 1999.
	Others	As soon as possible after closure of each year the Chief Engineer prepares a Monitoring report of the progress made during a financial year as per Action Plan on the Irrigation Project in the State. The Chief Engineer will keep the Audit Officers informed of all proceedings necessary for the latter to fulfill functions.
Duties	It is the duty of the Chief Engineer to see that the budget allotments of the year are fully expended, in so far as is consistent with general economy. The Chief Engineer is responsible for ensuring that any allocation which is not likely to be needed during the year is promptly surrendered, so as to allow of its appropriation for other purposes by the proper authority. The Chief Engineer will submit to the Government his proposals & recommendations for the appointment, promotion, leave and punishment of all officers & subordinate establishment.	

Point No – 2 Powers and Duties of its Officers and Employees

Designation	Chief Engineer (Minor Irrigation), Assam.	
Power	Administration	The Chief Engineer, Minor Irrigation is entrusted with planning, implementation and development of Minor Irrigation Sector including externally aided Programmes of the State.
	Financial	The Chief Engineer, Minor Irrigation recommends the Budget Estimates for the year and also recommends fund against the work in respect of Minor Irrigation Sector in the State. The Chief Engineer, Minor Irrigation has full power to give Technical Sanction to original works, acceptance of Tender within jurisdiction as per provision laid in the DFP Rule, 1999.
	Others	The Chief Engineer, Minor Irrigation is to prepare a Monitoring report of progress made during a financial year as per Plan on the Minor Irrigation Sector in the State immediately after closure of each year.
Duties	The Chief Engineer, Minor will guide the Chief Engineer's office in the compilation of the Annual Administrative Report.	

Designation	Additional Chief Engineer Implementation, (Major & Medium)
Power and Duties	To look after all matters related to execution & implementation of new and ongoing Major & Medium Irrigation Schemes.

Designation	Additional Chief Engineer Implementation, (Minor & Micro)
Power and Duties	To look after all matters related to execution & implementation of new and ongoing Minor/Micro Irrigation Schemes.

Designation	Additional Chief Engineer Operation & Maintenance (Major & Medium)
Power and Duties	To look after all matters related to operation and maintenance of all completed Major & Medium Irrigation Schemes including improvements, modernization, Command Area Development works etc. To look after the matter related to formation of Water Users Association, realization of Irrigation Service Charges of the Major & Medium Schemes.

Point No – 2 Powers and Duties of its Officers and Employees

Designation	Additional Chief Engineer Operation & Maintenance (Minor & Micro)
Power and Duties	<p>To look after all matters related to operation and maintenance of all completed Minor/Micro Irrigation Schemes including improvements, modernization, Command Area Development works etc.</p> <p>To look after the matter related to formation of Water Users Association, realization of Irrigation Service Charges of the Minor/Micro Schemes.</p>

Designation	Additional Chief Engineer Planning & Research
Power and Duties	<p>To look after all matters related to investigation, Feasibility, preparation of PPRs & DPRs of Major, Medium and Minor Irrigation Scheme. In case of critical issues regarding preparation of PPRs & DPRs, the concerned Additional Chief Engineer, Implementation may be consulted.</p> <p>To initiate communication in connection with new policies and schemes of Government.</p> <p>To look after matters related to Sustainable Development Goal(SDGs), Finance Commission, NITI Aayog, Central Ground Water Board (such as ground water resource estimation of the state etc.), Assam Ground Water (Control and Regulation) Act/Rule.</p> <p>Matters related to DRSC, Annual Action Plan, providing data/materials for VVIP's and VIP's speeches, action taken report of finance Minister's Budget Speech.</p> <p>Matters related to research etc.</p> <p>Matters related to training of departmental employees for overall capacity building of the employees by collection of Information & Data through Online application, Call Centre etc.</p>

Designation	Additional Chief Engineer Information Technology and Data Management
Power and Duties	<p>To look after all matters related to monitoring of schemes through INO Irrigation portal of IPMS.</p> <p>To look after PM GATI-SHAKTI National Master Plan Portal, Call Centre, Social Media, E-Office, E-prastuti, Departmental Website.</p> <p>Statistical Cell for data management.</p>

Point No – 2 Powers and Duties of its Officers and Employees

Designation	Additional Chief Engineer Inspection & Quality Control
Power and Duties	<p>To verify initial levels of irrigation schemes before the execution and also record the final levels after completion of works.</p> <p>To inspect the various sites of irrigation schemes during execution for maintaining good quality of works etc.</p> <p>To conduct enquiries in case of anomalies in execution of works that may be found to have taken place at field and to submit reports to the Government accordingly.</p>

Designation	Additional Chief Engineer Electrical
Power and Duties	<p>To look after all matters related to Electrical works of all types of Irrigation schemes of the Department.</p> <p>To look after implementation and maintenance of all technical works pertaining to electrical components of different irrigation scheme of the Department.</p> <p>To verify and recommend electrical parts of estimates before according of approval by the authorities.</p>

Designation	Additional Chief Engineer Mechanical
Power and Duties	<p>To look after all matters related to Mechanical works of all types of Irrigation schemes of the Department.</p> <p>To look after implementation and maintenance of all technical works pertaining to Mechanical components of different irrigation scheme of the Department.</p> <p>To verify and recommend Mechanical parts of estimates before according of approval by the authorities.</p> <p>To look after matters related to disposal / auction of scrap materials.</p> <p>To look after matters related to automobiles and all machineries of the department.</p>

Point No – 2 Powers and Duties of its Officers and Employees

Designation	Additional Chief Engineer cum CHD, Irrigation, Assam (KAAC, NCHAC, BTC)
Power and Duties	To function as the Council Head of the Department in all matters pertaining to Irrigation Department within the jurisdiction of respective councils

Designation	Superintending Engineer, Irrigation, Assam.	
Power	Administration	The Superintending Engineer is responsible for all instructions & advice given by himself to the Executive Engineers under his jurisdiction during the course of inspection of schemes. The Superintending Engineer has administrative control within jurisdiction as fixed by the Irrigation Department.
	Financial	The Superintending Engineer has powers in respect of Technical Sanction of the estimate and acceptance of tender as per provision laid in the D.F.P. Rule, 1999. The Superintending Engineer has the power of fixation of the rates against item of works and it will be The Superintending Engineer duty to watch & control the rates paid for works and may require an Executive Engineer to report to the SE such details of expenditure as he may desire to know.

Point No 3- Procedure followed in Decision Making Process:

3.1 What is the procedure followed to take a decision for various matters?

The procedure followed in the decision making process are:

For all administrative and policy making decisions, the same are taken at the following level after obtaining approval of the minister i/c.

- 1) For approval of any scheme, the Administrative Approval is accorded by the Administrative Department after concurrence of Transformation & Development and Finance Department.
- 2) For allotment of any sanctioned work the same is carried out under following steps:
 - i) For Tender value beyond Rs. 500.00 L (Rupees Five Hundred lakh) subject to the recommendation of the Tender Selection Committee.
 - ii) For Tender value more than Rs. 300.00 lakh and upto Rs 500.00 L, subject to approval of the Commissioner & Secretary /Secretary.
 - iii) For Tender value more than Rs 200.00 L, the decision can be taken by the Chief Engineer.
 - iv) For Tender value more than Rs. 100.00 lakh and upto Rs 200.00 lakh the decision can be taken by the concerned Additional Chief Engineer.
 - v) For Tender value more than Rs. 10.00 lakh and upto Rs 100.00 lakh, the decision can be taken by the concerned Superintending Engineer.
 - vi) For Tender value upto Rs. 10.00 lakh (Rupees Ten Lakh) only, the decision can be taken by the concerned Executive Engineer.
- 3) For allotment of any sanctioned work under SOPD the same is carried out under following steps:
 - i) For Tender value beyond Rs.1000.00 L (Rupees one thousand lakh) subject to the recommendation of the Tender Selection Committee and subject to approval of the Govt. in Public works Department.
 - ii) For Tender value more than Rs. 500.00 lakh and upto Rs 1000.00 L, subject to approval of Govt. In Public works Department.
 - iii) For Tender value more than Rs. 300.00 lakh and upto Rs 500.00 L, the decision can be taken by the Chief Engineer.
 - iv) For Tender value more than Rs. 200.00 lakh and upto Rs 300.00 lakh the decision can be taken by the concerned Additional Chief Engineer.
 - v) For Tender value more than Rs. 50.00 lakh and upto Rs 200.00 lakh, the decision can be taken by the concerned Superintending Engineer.
 - vi) For Tender value upto Rs. 50.00 lakh (Rupees fifty Lakh) only, the decision can be taken by the concerned Executive Engineer.
- 4) For all financial matters such as financial sanction, release of fund, decision of Finance Department is required.
- 5) For all appointment matters Administrative Department can take the decision after concurrence of Personnel and Finance Department.
- 6) In case of any dispute, the decision of the Secretary/Chief Engineer, Irrigation is final and conclusive.
- 7) During execution, Superintending Engineer can approve any addition and alteration of works as per site condition.
- 8) For field execution, the decision primarily lies with the Executive Engineer as mentioned in the Tender Clauses and as regulated by different codes and specification.

Point No 3- Procedure followed in Decision Making Process:

- 9) Regarding recording of measurement, the same is taken by Junior Engineer/ Assistant Engineer i/c of the work. However, Assistant Executive Engineer and Executive Engineer is bestowed with the responsibility to check the measurement as 20% & 10% of the execute work respectively.
- a) The channels of supervision and accountability for effective implementation of a scheme, the following norms are in force:

The minimum number of field visit by officers at supervision level is:

Sl. No		
1	Head of Administrative Department	3 % per month
2	Head of the Department	5 % per month
3	Zonal Head (ACE/ CCMD)	5 % per month
4	District Head of Offices (SE/EE)	40 % per month
5	Sub-Divisional Head of Offices (AEE)	40% per month

Supervision/inspection of Irrigation scheme is done as below:

1. All works are fully supervised and executed by Junior Engineer / Assistant Engineer in charge of the work and as regards accountability; he/ she is fully responsible on account of Quality, Quantity, Time Factor, Expenditure, etc.
 2. Asstt. Executive Engineer is also fully responsible for all technical problems, qualities, quantities and specifications, etc.
 3. Executive Engineer is responsible for overall execution and supervision of the work and is mainly responsible in controlling expenditures as well as payment matters.
 4. Superintending Engineer is responsible for overall supervision/inspection of work and liaisoning.
 5. Chief Engineer/ Additional Chief Engineer is responsible for the overall work under their jurisdiction.
- 3.2 What are the documented procedures/ laid down procedure/ defined criteria/ Rules to arrive at a particular decision for important matters? What are different levels through which a Decision Process moves?
- As stated above
- 3.3 What are the arrangements to communicate the decisions to the public?
- Office Notice Board, Print Media and Electronic Media.
- 3.4 Who are the officers at various levels whose opinions are sought for the process of decision making?
- As stated in 3.1 above
- 3.5 Who is the final authority that vets the decisions?
- The Secretary to the Govt. of Assam, Irrigation Department, with due approval from the Minister in charge.

Point No 3- Procedure followed in Decision Making Process:

3.6 Please provide information separately in the following format for the important matters on which the decision is taken by the public authority.

Sl no	Subject on which the decision is to be taken	Proposed at Initial Stage for Irrigation Schemes
1	Guideline/ Direction, if any	As per necessity of the sites in consultation with local public.
2	Process of Execution	<ol style="list-style-type: none">1. Reconnaissance Survey2. Final Survey3. Preparation of Details Projects Report4. Approval of Estimates5. Land Acquisition6. Load sanction in case of power requirement in Irrigation Schemes7. Tendering8. Allotment of work9. Handing over site10. Execution of work by the agency and supervision at different level by field officers as per standing norms
3	Designation of the officers involved in decision making	Decision making in the execution of work is as per D.F.P. Rules, 1999 and all subsequent amendments
4	Contact information of above mentioned officers	At circle offices as well as Division Offices of concerned areas
5	If not satisfied by the decision, where and how to appeal	To the concerned Addl. Chief Engineer or Chief Engineer in writing.

Point No 4- Norms Set by It for the Discharge of its Functions

The Irrigation Department, Government of Assam, deals with the implementation of Major, Medium and Minor irrigation schemes including their operation and maintenance. The department also deals with utilisation of created potentials from irrigation schemes including the collection of Irrigation Service Charges from beneficiaries.

The Chief Engineer, Irrigation Department, is the Administrative Head of the Department and is directly responsible to the Government for implementation of works including its related expenditure. He prepares the budget estimate annually relating to works and establishment. The Chief Engineer exercises proper control in releasing fund. The Chief Engineer keeps a close watch over the expenditure. He exercises control of expenditure with the Accountant General, Assam, in maintaining Accounts and in enforcing strict adherence to Rule. The Chief Engineer looks after implementation of Major and Medium Irrigation Projects in the State. He is assisted by a Senior Finance & Accounts Officer for maintaining financial discipline in the Department.

There is 1(one) Chief Engineer (Minor Irrigation) & 3(three) Zonal level Addl. Chief Engineers to look after implementation of Irrigation works in the Council areas as Council Head of Department. Apart from this, 8(eight) verticals have been created headed by an Additional Chief Engineer level office assisted by Directors (Superintending Engineer rank), Deputy Director(Executive Engineer rank) and other subordinate technical and general staffs. Details of posts are already mentioned in point No.1 and their roles and responsibilities in Point No.2

Each Circle is headed by a Superintending Engineer who is the Administrative and Professional Head of the Circle and is responsible for the Administration and General Professional Control of works in the Circle. The Superintending Engineer is to see that the Rules, Regulation and Instructions relating to execution of works and maintenance of Accounts are strictly followed. He inspects works in his Circle and ensures Economic and Efficient Management. The Superintending Engineer keeps watch over the Rates of Works. Superintending Engineer also inspects Records, Accounts etc. of Divisions under his jurisdiction at least once in a year.

Point No 4- Norms Set by It for the Discharge of its Functions

Each Circle is divided into number of Divisions and each Division is headed by an Executive Engineer who is responsible for Execution and Management of all works including Operation and Maintenance of Irrigation Schemes. The Executive Engineer is also responsible for submission of Monthly Accounts to the Accountant General. The Executive Engineer has to keep a watch on the expenditure and has to see that the expenditure is not exceeded. The Executive Engineer is to inspect works frequently and has to ensure that the work is done as per approved Drawings and Specifications. The Executive Engineer is to inspect Sub-Divisional Offices at least once in a year. The Executive Engineer is also responsible for Preparation of Projects, Designs, and Estimates. He is assisted by a Finance & Accounts officer for maintaining Financial Discipline.

Each Division is divided into number of Sub-Divisions and each Sub-Division is under charge of a Sub-Divisional Officer, who is of the rank of Assistant Executive Engineer. The Assistant Executive Engineer is to supervise and manage works and he is to maintain the quality and progress of works. Assistant Executive Engineers are directly responsible to the Executive Engineer in respect of implementation of works.

Each Sub-Division comprises of several Sections and each Section is under the charge of a Sectional Officer who is either an Assistant Engineer or Junior Engineer. They are to stay at work-site and are to supervise day to day works and the first stage of responsibility for the quality of works lies with the Sectional Officers. They have to take Measurements and prepare Bills for payment. They are to maintain Site Accounts, Tools & Plants Accounts, Site Register, Log Books and to submit related reports in time. Sectional Officers are provided with Sectional Assistants to assist them.

22	Diphu Division, Diphu	Executive Engineer	Area under Diphu Division	Superintending Engineer, Diphu Circle(Irrigation), Diphu	Area under Diphu Circle(Irrigation), Diphu
	East Karbi Anglong Division, Hanjanglangso	Executive Engineer	Area under East Karbi Anglong Division		
	Baithalangso Division, Hamren	Executive Engineer	Area under Baithalangso Division		
23	West Dima Hasao Division, Haflong	Executive Engineer	Area under West Dima Hasao Division	Additional Chief Engineer, Zone-VI (Irrigation), Haflong	Area under Additional Chief Engineer, Zone-VI (Irrigation), Haflong
	East Dima Hasao Division, Maibong	Executive Engineer	Area under East Dima Hasao Division		

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

17.1.1 Whether Irrigation is necessary in Assam?

Reply: As agriculture is the main occupation in the State, irrigation is required at different stages of crop growth. Although rainfall is high, yet it is unevenly distributed and concentrated during 4-5 months of monsoon period only. Dry spell leads to crop failure and subsequent loss of production. Further, for practicing multiple cropping, irrigation is the main input to increase the income double. Hence, irrigation is necessary. It is required to provide timely water supply for High Yielding Varieties of crops which are more susceptible to moisture stress.

17.1.2 – What are the main reasons for slow progress of Irrigation works?

Reply : The slow progress of Irrigation works in the State is due to the following reasons:
Late inroads of irrigation activities in Assam, and lack of awareness amongst the masses.

- a) Frequent flood submergence of paddy fields during monsoon period.
- b) Land acquisition problems.
- c) Gradual decrease of plan allocation.
- d) Limited working period because of long monsoon
- e) Scarcity of forest produce.
- f) Non energisation in time and shortage of electricity.
- g) High salinity/iron in ground water in certain areas.

17.1.3 – Why Irrigation water is not supplied **free of cost**?

Reply : The Operation & Maintenance of Irrigation Schemes are taken from revenue Fund. Present Financial Provisions for Maintenance of assets created are inadequate and seems to be the burden on the State exchequer. To supplement the resources of the State, the Government of Assam has enacted “**The Assam Irrigation Act, 1983**”, and accordingly, “Irrigation Service Charges” has been introduced. The beneficiaries are made partners in the system with a sense of belonging. The realisation of Irrigation Service Charges has been taken up from 1994-1995.

17.1.4 – Why Irrigation Rates are **so high** in Assam?

Reply : The Water Charges for various crops should be fixed in such a way that they cover at least the Operation & Maintenance Charges for providing the service initially and a part of the capital costs subsequently. The Operation & Maintenance Charges seems to be on the higher side due to high Establishment Cost.

17.1.5 – What are the Irrigation Service Charges for different Crops in Assam?

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

Reply : Present rates of irrigation Service Charges are as follows.

Crops	Rate per Ha
1. Kharif	₹ 281.24
2. Wheat & Other Rabi crops	₹ 562.50
3. Early Ahu	₹ 751.00
4. Ahu	₹ 751.00
5. Jute	₹ 150.00
6. Sugar Cane	₹ 222.00

17.1.6 – Whether farmers are paying the Irrigation Service Charges? If so, what is the status?

Reply : The collection of Irrigation Service Charges is a difficult task for the Department. Yet some farmers are making it a habit of paying water Charges. There is a rising trend year after year. The realization position for last 3 years are:

Year	Amount Assessed	Amount realized	% of realization
2019-2020	₹ 105530602	₹ 784999	0.74
2020-2021	₹ 11617528	₹ 575135	4.95
2021-2022	₹ 88126730	₹ 401968	0.45

17.1.7 – How the poor farmers would pay Irrigation Service Charges during the period of natural calamity?

Reply : There is provision for exemption of Irrigation Service Charges as per Clause 47(7), Chapter V of “**The Assam Irrigation Act, 1983**”. The Clause states – “If in the opinion of the State Government, the enactment of all or any of the provisions of the Chapter will cause hardship in any case or cases, the Government may by Notification setting out the Ground therefore exempt either permanently or for a specified period such case or cases from all or any of the provisions of this Chapter, subject to such conditions, if any, as the Government may deem fit to impose.”

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

17.1.8 – Why, in spite of having implemented nos. of schemes the Irrigation Department has not been able to provide Irrigation Water when needed ?

Reply : There are several schemes(Surface Water/Ground Water) in inoperative condition for the following reasons:

- a. Lack of proper maintenance of different components like canals, pumps, motors, panel boards, suction & delivery units and gates etc. for want of sufficient fund.
- b. Erratic power supply and low Voltages.
- c. Theft of Pumps & Motors, HT & LT Conductors and accessories.
- d. Siltation at intake point and diversion of river course.
- e. Frequent Flood damages.

17.1.9 – Schemes taken up long back have not been completed as yet. What action the Department is initiating to complete those?

Reply : The Department could not complete a good number of ongoing schemes for lack of allocation of fund under capital head. For this reason, the Department has taken action to complete those schemes under Programmes viz. NLCPR (Non Lapsable Central Pool of Resources), PMKSY(AIBP and Har- Khet-ko-Pani), ARIASP (Assam Rural Infrastructure & Agricultural Services Project funded by **World Bank**), and NABARD Fund. The schemes would be completed in a phased manner subject to availability of fund in the proper Head of Accounts.

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

17.2 - Procedure for seeking Information

17.2.1-Model Application Form seeking Information

To : The P.I.O./Executive Engineer
Guwahati Division (Irrigation), Ulubari, Guwahati - 7

Sub : Prayer for Information

Ref : RTI Act 2005 (No.22 of 2005)

Sir,

I have the honour to request you to kindly make available the following information as per RTI Act, 2005

Detail of F.O.C. received during 2014-2015 and contractor-wise payment made. Photocopies of vouchers may please also be furnished.

For applicant below poverty line it is also brought to your kind notice that I am living below the Poverty Line, for which necessary certificate is enclosed.

Yours faithfully

Encl: As above

Sri Hari Das
Vill/Lane Dispur
P.O Dispur, Guwahati -6
P.S. Dispur
District Kamrup Metro

17.2.2-Prescribed Fee Norms are as follows:

As per Section 6(1)	Rs. 10/- per application
As per Section 7(1)	Rs. 10/- per application
As per Section 7(5)	Rs. 10/- per application

17.2.3-(a) Precise information may be sought as per Model Application Form at 17.2.1 and may be requested with the following tips -

- i. Work order issued against Mayang ELIS (Nabhatia Centre) and payment made during 2004-2005
- ii. Irrigation Service Charges realised during the year 2004-2005 against Jamuna Irrigation Scheme and amount deposited to Public exchequer
- iii. I want to avail Site Inspection for the work of Silt Clearance from Ch. 0 M to 16,000 M of Main Canal under Dhansiri Irrigation Project. As such it is requested to furnish the records of Work Order issued and payment made with the names of the contractors.

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

17.2.4- Right to Citizen in case of denial of Information & Procedure to Appeal.

Any person who does not receive any decision on his/her request within the Time Limit specified in the Act (min.48 hours and max. 30 days) may prefer an appeal to such office who is senior to him (PIO). The appeal must be filed within 30 days from receiving such decisions and the time limit for disposal of the case is 30 days (extendable to 45 days). The person can prefer a 2nd appeal within 90 days from the date of such decision with the State Information Commission may enquire into the allegation filed by a person against a PIO on refusing to accept request for information, no response or demanding unreasonable fee, giving incomplete information etc.

17.3- With relation to Training imparted to Public by the Public Authority

No Training Programme is imparted by Irrigation Department under Plan Head.

17.4- With relation to Certificate, No Objection Certificate etc. issued by the Public Authority not included in Manual-13

Irrigation Department issues NOC to other Departments/Agencies in case of any proposal from that end for use of water from water bodies where Irrigation Schemes exists so that the functioning of schemes do not hamper.

17.5- With relation to Registration Process

17.5.1- OBJECTIVE

The Irrigation Department, Government of Assam has taken up Construction Works of Irrigation Schemes in the State as per APWD Code. The recognized system for carrying out works are contract works under agreement as per Article 299 of Constitution of India. The agreement allows a Legal Status precisely and definitely expressed with necessary bindings on the Executing Body for safeguarding public interest. As such, the Registration Process is in force and works are generally executed through Registered Contractors.

17.5.2-Eligibility for Registration

The Eligibility Criteria for Registration as a Contractor in the Irrigation Department is as follows:

- a. Must be a citizen of India
 - b. He/she should be financially sound possessing good moral character.
- In accordance with past experience, contractor may pray for Up gradation of Registration to Higher Categories

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

17.5.3-Pre-requisites

They should not be involved in criminal activities and as such Police Verification is the pre-requisite.

17.5.4- Contact Information for applying

For registration under Class III – Executive Engineers
For registration under Class II – Superintending Engineers
For registration under Class I – Chief Engineer, Irrigation, Assam.

17.5.5- Application Fee (Wherever applicable)

Court Fee Stamp of Rs.8.25 (Rupees Eight & Paise twenty Five only) to be affixed.

17.5.6- Other Fees (Wherever applicable)

They are to deposit Earnest Money according to their Categories after selection.

Class III	Rs. 1,000/-
Class II	Rs. 2,000/-
Class I C	Rs. 5,000/-
Class I B	Rs. 10,000/-
Class I A	Rs. 15,000/-

These deposits under different categories are reduced to 50% for SC/ST/OBC/MOBC and other reserved categories as applicable. For unemployed graduates Engineers the earnest money deposit is also reduce to 50%.

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

17.5.7- Form of Application for Registration/ Up gradation of registration in class-I () category
under irrigation department

1. Name of Application (in Block Letters) :
2. Phone No :
3. Father's Name (in case of individual /
In case of Firm Deeds & Certified Copy
of Power of Attorney and Firm Registration
Number should be quoted) :
4. Date of Birth /Date of Establishment :
5. Home Address
Village :
P.O :
P.S :
Dist :
6. Place of Birth /Date of Establishment :
7. Present Address
Village :
P.O :
P.S :
Dist :
8. Community & Caste :
9. Nationality :
10. Banker (with A/C. Nos & Station) :
11. Class for which Registration/Upgradation
is sought for :
12. Details of past works done and the Agency
under which such works were carried out
documents in support :
13. Date from which working as Contractor :
14. Details of Contractor's Organization and
Tool & Plants available at the disposal of
Contractor/ firm as on date :
15. Income Tax/ Sales Tax/ M.V. Clearance
Certificate & Certificate as regards
Financial Capability :
16. Manner in which Registration Fee is furnished:
17. Last Renewal/ Registration No. :

The above information are true to the best of my knowledge.

Signature of the Applicant

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

Note: Court Fee Stamp of Rs.8.25 to be affixed with the Application

17.5.8- List of Enclosures/ Documents

1. Court fee of Rs. 8.25.
2. Passport photograph 2 copies.
3. Copy of Pan Card.
4. Up to date GST (GRN,W/C-2)& Labour license.
5. Under taking of B.E (Civil) with phone no & address & Pass Certificate.
6. Copy of last Renewal/ Registration.
7. Bank Certificate.
8. List of Tools and Machineries in the form of Court Affidavit.
9. Work done Certificate.
10. Caste Certificate if applicable.

17.5.9- Format of Enclosures/ Documents

As per Prescribed Formats of Concerned Departments.

17.5.10- Procedure of Application

Application is to be submitted to the Executive Engineer as per prescribed format
Affixing Passport size photo.

17.5.11- Process followed in the Public Authority after the Receipt of Application

The Applications are examined and after selection, contractors are requested to deposit required Earnest Money.

17.5.12.-Validity Period of Registration (if Applicable)

One Year

17.5.13-Process of Renewal (if any)

Same as Registration (refer 17.5.7 & 17.5.8)

17.6 With relation to collection of tax by Public Authority (Municipal Corporation, Trade Tax, Entertainment Tax etc.)

17.6.1 - Name and description of Tax

Irrigation Department has introduced realisation of "Irrigation Service Charges" from the beneficiaries of Government Irrigation Schemes in the State.

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

17.6.2- Purpose of Tax collection

Due to paucity of Revenue Fund, the Department is not in a position to efficiently operate & maintain the Irrigation Schemes in the State. In order to recover some cost from the beneficiaries, "Irrigation Service Charges" has been introduced.

17.6.3-Procedure & criteria for determination of Tax Rates

The Irrigation Service Charges for various crops are evaluated giving due weightage to water requirement of various crops and the Operation & maintenance Cost of Scheme during the base period of crops. The evaluated cost is subsidized for the poor socio-economic condition of farmers to determine the rate of "**Irrigation Service Charges**"

17.6.4-List of Major defaulters

There are a large section of farmers in Irrigation Command Area who are reluctant to pay Irrigation Service Charges. The status of realization of Irrigation Service Charges is as shown below:

Point No 17- Such other information as may be prescribed and thereafter update these publication every year

Irrigation Service charge

YEAR	Realisable amount as per monthly reports on cropwise utilization during the year	Amount actually realised	% recovery
1994-1995	26447626	109702	0.41
1995-1996	21754212	61828	0.28
