

OVERVIEW DEPICTING SUCCESS RATE OF WATER SUPPLY UNDER PHASE I & PHASE II OF PMKSY IN ASSAM

- Data are collected from the proceedings of Call Centre, installed at the Chief Engineer Office, Irrigation Department, Chandmari Assam.
- Dedicated callers are designated at the Call Centre, who establish direct communication with PMKSY beneficiaries on a regular basis to inquire about ground implementation of the scheme.
- Irrigation officials make on-site visits to verify data, check issues & initiate remedial action if necessary.
- On an average, 90% discharge rate achieved in all tubewells installed
